Tinsel Tangle!

Your aim is to climb through the web without rustling the tinsel! How many different holes can you and your fellow adventurers climb through?

- 1 Find a fellow adventurer to help you with the activity or take part with you. Adventurers can be children or adults.
- 2 Choose somewhere to spin a web of tinsel either inside your home, or out in the garden. Inspect the space to make sure it's safe - that means no sharp edges, objects you could fall on, breakable items, hot fires or any other general hazards.
- 3 Collect together building materials for your web. You could use wool, rope, string, masking tape, toilet roll, ribbons, etc., but we suggest some tinsel carefully taken off the tree!
- 4 Then, weave your web! Make it close to the ground, so it's no higher than your hip, but it isn't touching the floor. Make the holes wider than the tallest person's shoulders. And the more holes you can make, the longer the fun will last!

If you want a harder challenge, time your first attempt, then see if you can be quicker next time

The rules are as follows...

- 1 Only one person may (successfully) climb through each hole, after which it will be closed.
- 2 Nothing must touch the tinsel web. If someone or something touches the tinsel web, the hole will be marked down as having 1 touch. After a hole is touched 3 times, it will be closed.
- 3 If the tinsel web gets touched, the person climbing through must return to the start for a new attempt (at that hole or another).

When you aren't climbing you can physically assist by lending a hand, and you can offer advice too

When you've finished, remember to wash your hands!

Carefully pop the tinsel back on your Christmas tree!
